BE PREPARED, SAVE LIVES: FIRST AID AWARENESS SYMPOSIUM

Mar Ivanios CBSE School, in association with SMART Medical Center, Kaliyakkavilai organised a First Aid Awareness Symposium on 12 September 2026, commemorating World First Aid Day. The programme aimed to equip students with essential knowledge and skills to respond confidently during emergencies. Students of Grades VII to XII participated in awareness sessions led by medical professionals, focusing on basic first aid techniques, CPR awareness, choking management, wound care, bleeding control, and emergency response. The initiative highlighted the importance of timely action, compassion, and preparedness, inspiring students to become responsible individuals capable of offering help when it matters most.

STORIES THAT INSPIRE: A CELEBRATION OF IMAGINATION AND VALUES

The Storytelling Competition at Mar Ivanios CBSE School provided a vibrant platform for students from KG to Grade VIII to showcase their storytelling talents, creativity, and confidence. Organised across the Foundation, Primary, and Middle Sections, the competition encouraged students to explore moral-based themes and bring their stories to life through expressive narration and engaging presentations. With enthusiastic participation and thoughtful performances, the event nurtured communication skills, imagination, and moral awareness, making storytelling a meaningful and enriching learning experience for every young storyteller.

COURTESY IN ACTION: LEARNING TO RESPECT AND CARE

As part of ILM's "School of manners" initiative, the students of Grades IV and V participated in an engaging activity focused on good manners and respectful behaviour. Through practical demonstrations, students learned the importance of using polite expressions such as "Excuse me" and seeking permission before taking someone's belongings. The activity encouraged learners to practise courtesy, respect personal boundaries, and develop thoughtful habits, reinforcing the value of kindness and discipline in everyday life.

VIRTUE OF THE WEEK: WISDOM – THINK WELL, CHOOSE WELL

“Wisdom is not just knowing the right thing, but choosing the right thing.”

Wisdom helps us grow into thoughtful and responsible students. We practise it when we think before we act, listen to good advice, learn from our mistakes, and choose kindness over anger. By using our knowledge wisely, respecting others, and making responsible decisions, we become better learners and better human beings. Let our thoughts be guided by understanding and our actions by goodness.

ILM'S MISSION POSSIBLE: A JOURNEY INTO SOCIAL ETIQUETTE

The stage came alive with “ILM’s Mission Possible,” an engaging simulated radio broadcast that introduced students to the golden phrases of social etiquette. Guided by an anchor, twelve student speakers stepped up to the microphone, exploring the thoughtful use of expressions such as Please, Thank You, Sorry, Excuse Me, and May I, along with courteous habits like Well Done and After You. Blending learning with lively presentation, the activity nurtured kindness, respect, and confidence while strengthening the students’ articulation and stage presence. The performance concluded with an inspiring reminder that true courtesy begins with small words and grows through daily practice.
